Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. [citation needed] Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.

Leaders Eat Last is a fantastic read all about how leaders can create organizations and cultures that allow workers to go home at the end of the day feeling fulfilled by the work that they do. By creating an environment built on trust, teams will pull together, again and again, to help their tribe not just survive, but the flourish.
