The distribution of wealth is a comparison of the wealth of various members or groups in a society. It shows one aspect of economic heterogeneity.. The distribution of wealth differs from the income distribution in that it looks at the economic distribution of ownership of the assets in a society, rather than the current income of members of that society. . According to the International ...

A wealth tax (also called a capital tax or equity tax) is a levy on the total value of personal assets, including: bank deposits, real estate, assets in insurance and pension plans, ownership of unincorporated businesses, financial securities, and personal trusts. Typically liabilities (primarily mortgages and other loans) are deducted, hence it is sometimes called a net wealth tax.
