

the art of photography pdf

Fine Art Photography is photography created in accordance with the vision of the artist as a photographer. Using photography as a medium to bring something to life that only lives in the artist's mind. Simply capturing what you see in an artistic way is the art of photography and not creating fine art.

5 Tips for Successful Panning. 1. Panning requires a steady hand and a relatively slow shutter speed. The actual shutter speed depends on the speed of the subject but generally it will be 1/200th or slower. 1/200th if your subject is really flying along, like a speeding car on a race track, and maybe as slow as 1/40th of a second if your subject is a runner on a track.
