This is a textbook on American Politics. It covers pretty much every subject you would expect to find in a textbook on politics. If you have to read a textbook on American politics, this will do fine, but as you would imagine, it can be dry and boring.

**We the People: An Introduction to American Politics by**

We the People, Tenth Essentials Edition, is ideal for showing students that politics is relevant to their lives and that their participation in politics matters. The book engages students with contemporary topics, including digital politics and polarization in government, and presents information on these topics both in the text and in new figures designed to resemble those that students see in ...
